The mission of the Library is to help the people of our community achieve their full potential through the transformative power of information, imagination & ideas.

### Change and Continuity

This year brought both change and continuity.

We sadly said goodbye to **Pat Finegan**, who passed in December after 15 years of service as a dedicated board member. We also thank **Bob Fyfe**, our longtime board president, for his 14 years of steadfast leadership, and **Dan Washburn**, for his thoughtful contributions as a board member.

At the same time, our mission remains unchanged. Strong community support continues to make MFL a place for **learning, creativity, and connection**. Thousands of people attended programs, hundreds volunteered, and many, many generously donated—helping us **be one of the best libraries in the county**.

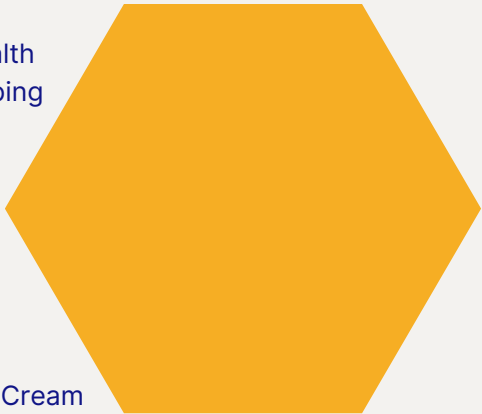

As I step into the role of board president, I look forward to building on this legacy and working alongside all of you to keep MFL thriving.

Thank you,  
Parag Dalal  
President,  
Board of Trustees

# TREASURER'S OUTLOOK

**MFL continues our five-year plan to balance revenues and expenses** due to changes in government funding since the pandemic.

We're pleased to report that this year's shortfall from core library operations was around \$19,000, which is **better than our initial projections**.

With generous support from our community through donations, sponsorships, and fundraising initiatives, we continue to close the funding shortfall. This allows us to provide additional programs and materials to our patrons.

Mark Borda, Treasurer
